

We Respectfully Request Governor Hobbs to
WITHDRAW THE APRIL 29 AUCTION of 160 ACRES of STATE TRUST LAND
 for a toxic dump at the proposed Copper World mine.

Copper World would drain 170 billion gallons of groundwater and threatens to destroy two Outstanding Arizona Waters. Toronto-based Hudbay Minerals stands to reap a massive windfall while Arizona's public schools get shortchanged.

Rep. Adelita S. Guajalva

STOP THE AUCTION!
SAVE THE SANTA RITA MOUNTAINS
