

IT'S TIME TO DISCARD ARIZONA'S **COPPER COLLAR** BY STOPPING COPPER WORLD

**UNLIMITED GROUNDWATER
WITHDRAWAL
COPPER EXPORTED
OVERSEAS**

**ENVIRONMENTAL
CATASTROPHE FOR ARIZONA
PROFITS TO FOREIGN
COMPANIES**

Toronto-based Hudbay Minerals and Japan's Mitsubishi must export Copper World's unrefined copper overseas for smelting and refining. The U.S. only has two operating copper smelters and they are at capacity. Copper World would pump more than 3.2 billion gallons of groundwater a year from beneath Green Valley and Sahuarita, an area already plagued by subsidence.

**COLORADO RIVER RUNOFF IS AT RECORD LOWS.
CENTRAL ARIZONA PROJECT ALLOCATIONS ARE PLUMMETING.
ARIZONA'S WATER CRISIS IS HERE.**

THERE IS ONLY ONE CHOICE:

CONSERVE OUR WATER!

NO OPEN PIT COPPER MINING IN THE SANTA RITA MOUNTAINS

SAVE THE SCENIC
SANTA RITAS
ASSOCIATION
