Re: Notice of Intention to Modify an Existing Non-Exempt Well at Approximately the Same Location Well Registration No. 55-611142

Dear Mr. Sharpe:

The Department of Water Resources (Department) will not be able to issue drilling authority for the modifying of your well because your selected driller, Duncan Pump, does not possess the proper Registrar of Contractors (ROC) license to drill commercial/municipal wells.

You may contact Duncan Pump and inform them that they may contact Mike Ball at the Department at 602-417-2470. Mike Ball will be able to assist Duncan Pump in determining the proper ROC license they will need in order to modify the referenced existing well.

Another option that you may consider is to select another licensed driller that holds a valid license for drilling commercial/municipal wells. If you decide to select another driller, you may call the Department to verify that the driller has the valid ROC license to drill commercial/municipal wells.

The above information must be submitted before the Department can find the application complete and issue the drilling authority.

Please submit the information within 60 days. Failure to submit the information requested within 60 days may result in the denial of the application pursuant to the Department's Licensing Time Frame Rules, Arizona Administrative Code (A.A.C.) R12-15-401 (2). The Department's administrative completeness time frame for this application is suspended until the requested information is provided.

Please direct the additional information to my attention at Arizona Department of Water Resources, Groundwater Management Support Section, 500 North Third Street, Phoenix, Arizona 85004.

If you have any questions, please call me at 602-417-2470.

RE: APPLICATION FOR MODIFYING AN EXISTING WELL
WESTLAND JOB NO. 217.22

Dear Sir or Madam:

Enclosed with this letter are two copies of the Notice of Intent to modify and exiting well. The existing well is to be rehabilitated/cleaned by brushing and bailing the existing casing and a new grout seal is to be installed. A new source test will be taken to insure that the well is adequate for potable use.

Also included with this application are the required application fee of $10.00 and a schematic of the existing well.

If there is any other information you may need, please feel free to call me at (520) 206-9585.

Respectfully,

RE: Drilling Card for Modifying Well Registration No. 55-611142; File No. D (17-13) 1 ACC

Dear Well Owner:

The drilling card for the modification of the above referenced well has been forwarded to your well driller.

Under A.R.S. § 45-593, the person to whom a well is registered must notify this Department of a change in ownership or physical characteristics of the well to keep the well registration records current and accurate. For future use, a Change of Well Information/Ownership form is also enclosed.

Any change in ownership of the water right must be in accordance with A.R.S. § 45-472.

If you have any questions or require any corrections to your drilling card, please call me at 602-417-2460.

RE: NOTICE OF INTENT TO ABANDON A WELL AND REQUEST TO CHANGE OWNERSHIP OF A WELL
WESTLAND RESOURCES JOB NO. 217.22

Dear Sir or Madame:

Included with this letter are two originally signed Notice of Intent to Abandon a Well forms and one originally signed Request Form to Change Well Information.

The well that we are requesting the change of ownership is located in Sahuarita, Arizona Township 17 South, Range 13 East, Section 1. he registration number for the well is 55-611142.

The well to be abandoned is a non-registered 30-inch solid casing that goes to a depth of 154-feet, but does not reach groundwater. The casing is located approximately 20-feet to the north of the well listed above. After discussions with Arizona Department of Water Resources, it was decided that the abandonment of the casing is to be treated as a regular well.

If you have any questions, please feel free to call.

Respectfully,
WestLand Resources, Inc.
